HEDGE TRIMMING*

Some may think that hedge trimming looks easy enough, but it requires a keen eye and attention to detail.

Hedge Trimming includes:

- trimming dead branches from hedges and shrubs
- light pruning/shaping of hedges and shrubs
- clean up and removal of debris (a dump fee may apply depending on volume of debris generated)

Please contact your local office to confirm that this service is available in your area and for an estimate. The price will depend on the number of hedges/shrubs, how you would like your shrubs and hedges to look, and amount of growth to be trimmed.

This service can be performed between April and October.

*Please note that we are not arborists and simply offer shaping and clean up services of dead growth.
