## LAWN CARE PACKAGES: FERT & WEED CONTROL

We have designed 3 lawn care packages, Emerald (formerly Islander), Sapphire (formerly Safari) and Jade (formerly Baja), which utilize a specially formulated combination of weed control and fertilizer. Multiple applications help to control those pesky broadleaf weeds and to create a lush, healthy, green lawn. These packages are designed with 3 to 5 applications every 5 to 8 weeks, starting early Spring.

Our specially blended fertilizer and weed control formulations will encourage:

- \* Proper growth
- \* Increase curb appeal and property value
- \* Overall plant health
- \* Minimize your lawn's need for pest control products

	Number of Applications	Prepay Discount
Emerald	5 Includes Core Aeration	15%
Sapphire	4	10%
Jade	3	5%

If you would prefer not to book a package, we can also customize your lawn care applications to meet your budget and landscape requirements. We can handle everything from small yards to large acreages.
