EARTH SMART PROPERTY SOLUTIONS SERVICES ARE A SMART CHOICE TO ENSURE A HEALTHY LAWN AND YARD AND ARE DESIGNED TO SAVE YOU TIME, SO YOU HAVE MORE TIME TO SPEND DOING THE THINGS YOU ENJOY.

OVERSEEDING*

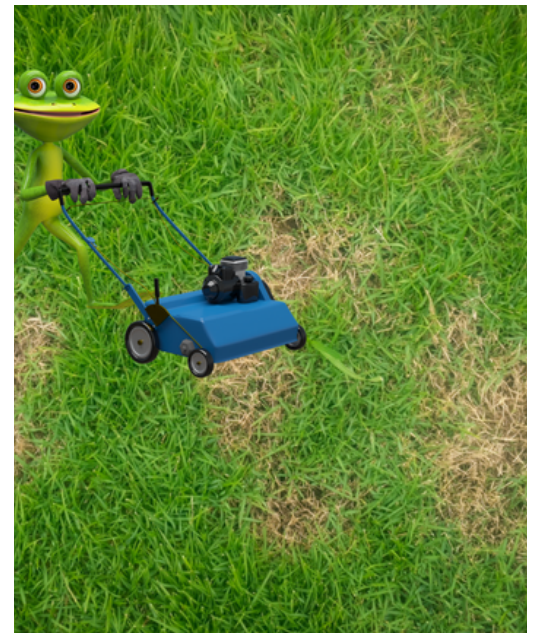

Overseeding your lawn is important to ensure a healthy, thick and weed free lawn. Overseeding is the process of spreading grass seed over an existing lawn and is recommended every 3 to 4 years.

Signs that your lawn requires overseeding:

- * Thin grass (dirt is visible between blades of grass)
- * Bare patches
- * Brown patches (not caused by pets or lack of watering)

Benefits of overseeding:

- * A thick healthy lawn is less prone to being overtaken by weeds
- * More even application and higher rates of success than with hand seeding

Please contact your local office to confirm that this service is available in your area and for a quote based on your property's square footage.

*Please note that for the 2021 Lawn Care Season, this service is only available in Red Deer and surrounding communities.
