TREE & SHRUB PRUNING*

Trimming and pruning of shrubs and trees is done to improve their overall health and appearance.

We can do light pruning and shaping and trim dead branches from trees and shrubs up to approximately 12' in height.

Our Tree & Shrub Pruning Service includes:

- light pruning / shaping of trees and shrubs up to approximately 12' in height
- removal of dead branches from trees and shrubs up to approximately 12' in height
- clean up and removal of debris (a dump fee may apply depending on volume of debris generated)

Please contact your local office to confirm that this service is available in your area and to receive an estimate based on your unique needs. This service is available between April and October.

*Please note that we are not arborists and simply offer shaping and clean up services of dead growth. If you are looking for a licensed arborist, we would be happy to provide recommendations.
