EARTH SMART PROPERTY SOLUTIONS SERVICES ARE A SMART CHOICE TO ENSURE A HEALTHY LAWN AND YARD AND ARE DESIGNED TO SAVE YOU TIME, SO YOU HAVE MORE TIME TO SPEND DOING THE THINGS YOU ENJOY.

OVERSEEDING

Overseeding your lawn is important to ensure a healthy, thick and weed free lawn. Overseeding is the process of spreading grass seed over an existing lawn and is recommended every 3 to 4 years.

Signs that your lawn requires overseeding:

- * Thin grass (dirt is visible between blades of grass)
- * Bare patches
- * Brown patches (not caused by pets or lack of watering)

Benefits of overseeding:

- * A thick healthy lawn is less prone to being overtaken by weeds
- * More even application and higher rates of success than with hand seeding

Please contact your local office to confirm that this service is available in your area and for a quote based on your property's square footage.
