## WINDOW CLEANING

Window washing is usually best done in early spring and in the fall.

Attempting to clean windows on your own can be a challenging task. Getting up on a ladder, purchasing the equipment, and reaching for those tough areas is no way to spend a Saturday. It sounds simple, but there is an industry specific process for cleaning windows that leaves them clean and streak free for a long time.

You can custom tailor your window washing package to suit your home's need. Choose from:

- Exterior & Interior Window Cleaning
- Exterior Window Cleaning Only

These services are also perfect if you are considering selling your home or have a rental property.

Let the Earth Smart team take care of window cleaning for you. We have all of the proper equipment and experience to leave your windows looking amazing. You'll be shocked at the difference that clean windows can make!

We also offer Powerwashing, Exterior Home Cleaning and Gutter Cleaning.

Please contact your local office to confirm that this service is available in your area and for a quote based on your property's square footage.
